DEATH OF PIONEER
Tom Reed Honors Memory of Former Manager Charles Grimes

The Tom Reed mine, mill, office and every department under control of the company were closed out of respect for the memory of the late Charles Grimes, formerly manager, from 12 o'clock midnight Tuesday until 1 o'clock yesterday. Never since operations were started nine years ago has the mine been shut down for that length of time.

The general air of stillness surrounding the buildings was in keeping with the feelings of sorrow among the many people who are personal lovers by the sudden death of their friend.

The news of Mr. Grimes' death was a great shock to the people of Outman as its suddenness could make it. He will be kindly remembered here all during the years of the life of Outman, which will be a generation or more.—The Mohave Miner.

FISHER HITS BALL IN BIG FLAG ADDRESS

Local Orator Enthusias Large Crowd In Flagstaff Hall On "Preparedness" In Connection With Memorial Day Rites

With the theme of preparedness, Hon. Robert S. Fisher enthused a large Flagstaff audience in a Memorial Day address. The subject of it was appropriately "Lincoln." How nations had suffered from unpreparedness and how nations had been saved, were recounted by Mr. Fisher. "It," he said, "it was not for the British navy, purchased by the foresight and devotion of the English people, they would now be laying tribute to the Kaiser and if we do not fortify our western coast, one of these days we will be upon our faces in the dust of our own land with the little brown man grinding his foot upon our necks."

The battle of Ball Run, said Mr. Fisher, was a lesson in the need of preparedness that ought never to be forgotten by the American people, with 12,000 regulars there, men trained to war, that would have been the last battle of the Civil war and all the subsequent horror and suffering and cost to the nation for more than fifty years would have been averted. War is abhorrent, said the speaker, but there are worse things than war, "the sisterhood of pacifists of both sexes" to the contrary notwithstanding.

TAX COMMISSIONERS OFF FOR BUSY TRIP

Zander and Campbell Start Tour Over State to Confer With County Boards of Equalization

From today until the twelfth of the month, Tom Campbell and C. M. Zander of the state tax commission are going to be two very busy persons. They have essayed the heavy task of visiting each board of equalization in the state. To this end they have made out a schedule, which for quick jumps and short stops, would make a circuit of the state.

The state tax requires that a member of the state tax commission shall visit each board of equalization once a year, and go over the tax lists with them, advising them and aiding them wherever necessary.

Both the commissioners will leave for Clifton today, remaining there until the third, when Mr. Zander will go to Globe and Mr. Campbell will remain in Phoenix. Mr. Zander will remain in Globe until the seventh, when he is due to go to Safford, staying there one day and then on to Tucson, where he will stay two days leaving there on the eighth for Nogales, where he will be occupied until the twelfth.

Upon Mr. Campbell's return to Phoenix on the fourth he will then leave for Prescott where he will stay until the sixth. His next stop of two days will be at Flagstaff, arriving there on the eighth and leaving on the ninth. On the tenth he will be at Holbrook, finishing up there as soon as possible and returning to Phoenix at about the same time as Mr. Zander.

NOTARIAL COMMISSIONS—Part E. Hahn of Phoenix and L. V. Guthrie of Mesa were granted notarial commissions yesterday by Secretary of State Osborn.

FLATTERING INCREASE—Postmaster Michaelson received the monthly returns of his establishment yesterday, and was very much pleased to note that the receipts of the office for the month of May this year were \$120,26 more than May of last year, an increase of 12 per cent.

HOMING WILDCATS—Phoenix boys who have been attending the University of Arizona will return home this morning for the summer's vacation among whom will be Harold Goldberg, Russell Peabody, Kenneth Comstock and Vinton Hammons.

UNDELIVERED TELEGRAMS—There are undelivered telegrams at the Western Union telegraph office for the following: George Marshall, J. L. Reagan, Manuel Ortiz, T. L. Tinscher, Geo. N. Shureliff, Wm. Lang, N. A. Spence, Lawrence C. Lawson, Glenn Wildes, J. C. Denton and Arizona Star.

ON CHANGING MIND—County Attorney Clyde M. Gandy will furnish County Recorder Vernon Vaughn with a written opinion today relative to whether or not a voter who has registered and designated his party affiliation after changing his party affiliation can change his registration to correspond. Attorney General Wiley E. Jones conferred with the county attorney to whom Recorder Vaughn put the question. It appears that many citizens in registering have become "niffed" when asked their party affiliation and have replied, "I have no party." This they later learned would shut them out from voting at the primaries and they now desire to change their registration.

FIFTEEN FEDERAL MEN-CAPTIVES AND ONE WOMAN HERE

Maria Siqueiros First Female to Get Prison Term in U. S. Court Among Tucson Batch in Transit

Fifteen men and one woman prisoner, destined for federal penitentiaries, occupy cells in the Maricopa county jail, as the result of the movement of the law's victims from Tucson this week. Under guard of Chief Deputy U. S. Marshal and Deputies Wease and Frayle, together with two civilian guards, the sixteen were brought up from Tucson, where Judge Sawtelle has been busy with one of the heaviest criminal calendars in the history of that division of the court.

The woman is Maria Siqueiros, who has persisted in trying to establish residence in Arizona despite federal regulations made expressly to keep her sort out. The government is giving her a year's incarceration at Fort Collins, Colo., in an effort to convince her she is not wanted.

She is the first woman to receive a sentence from the U. S. district court of Arizona since statehood. The men will be taken to Santa Fe.

COUNTIES GET CASH FROM SCHOOL FUNDS

State Superintendent of Education Sends Out Checks for Money to Be Used by County Schools

State Superintendent of Public Instruction C. O. Case finished sending out checks yesterday to the various county superintendents in payment of their apportionment for the year.

The apportionment was made some weeks ago, but at that time there was not enough money in the state funds to send out checks. For this reason, payment was held up until the money was paid in by the various county treasurers.

In the following letter, Superintendent Case explains his action:

"I am required under Par. 3704, Sub. 3, Revised Statutes of Arizona, Civil Code, to apportion to the various counties, out of the state school fund, available moneys in said fund on the second Monday in January and May of each year.

"On the second Monday in May, 1916, there was only about \$5,000.00 in the state school fund. This being in itself too small an amount to apportion, I made an apportionment based on anticipation of moneys that at that time we expected soon to be sent to the state treasurer by the various county treasurers.

"This anticipated amount is now available in the state school fund and herewith inclosed you will find a statement of its apportionment."

FILES OATH—R. W. Kramer, who will succeed Leslie Hardy as assistant attorney general filed his oath of office yesterday with Clerk of the Supreme Court Leonard. Hardy finished up his official duties yesterday, and will leave for El Paso within a few days when he will enter the law firm of Ellwood and Ross of that place.

DEATH OF ERNEST LANTEN—Ernest Lanten, who was brought here about two weeks ago from Parker to the Phoenix hospital suffering with typhoid fever, died last Friday morning. The remains were taken in charge of by H. M. Maus undertaker, pending the arrival of relatives. A sister arrived yesterday morning from Ohio. The funeral was held yesterday afternoon under the auspices of the Old Fellows, deceased being a member of "Good Will" lodge of the Los Angeles U. O. F. who sent a beautiful floral offering. Rev. Varney officiated. Interment was made at Greenwood cemetery.

Today's exercises marked the climax of the commencement season for the graduates, although undergraduate activities will continue to June 3. Undergraduate students, friends and patrons of the institution attended the graduation exercises.

University officials state the year has been one of record achievements. A 50 per cent increase in the senior class over last year, it is said, was reflected in an enlarged attendance in other classes. Figures issued by O. E. SCHOLARLY WIFE COULDN'T SIGN NAME TO RECEIPT

Although he testified that his wife, Lulu Brown, was a "fine scholar," John Brown, colored, could not explain to the court why she had made a cross to mark the place of a signature as a receipt when she was served by registered mail.

On the witness stand in Judge Stanford's court yesterday Brown in answer to a divorce introduced a letter alleged to have been written by his wife.

"It's in her own handwriting your honor," declared the witness.

"Then why did she not sign the receipt of the registered mail?" inquired the court in refusing to sign the decree.

CIVIL SERVICE EXAMS—Three civil service examinations have been announced by the local examiners in the federal building, June 21, translator-tarif assistant; June 27, general mechanic; and July 5, assistant sanitary engineer.

PARSON AND REUBEN HAVE BIG MYSTERY

Parsons and Reuben local agents for the Kissel-Kar are wandering round town these days carrying with them a smile that won't come off. When approached on the subject yesterday they refused to disclose the reason for all this, but intimated that the new sensation to be sprung by the Kissel people happened to be the reason for all this.

"The Kissel-Kar has always been a 'topper car' they chanted in unison. But with the advent of the all year idea, two years ago, it began to show signs of little short of marvelous. This two-income conception had really revolutionized the utility of the auto, for it is truthfully said 'ten men drive winters when one drove before.'"
